Poor Fish - Poor Fisherman!

Both get a bad deal; the fish with a nice piece of juicy bait on a hook — and the fisherman with tall tales of plenty of fish and excitement. Many of the captains plying the open party boat trade should be black balled out of existence.

It is understood of course that fisherman who go out at this time of year for cod are crazy — so their wives say.

Three such fisherman left Bellerose on Saturday, January 18th, for a day on the briny. At 5:30 A.M. it was 20 degrees but the weatherman promised to send the temperature up.

By way of a change from Freeport and the Cholera Banks, they decided to go to Captree where there is a Captain Joseph II with a good reputation, and a very comfortable boat.

Alas the Joseph didn't sail and there was the choice between two boats — a boat taking a private party or the Captain REM HAYNES. (If you are a fisherman remember this name). We took the latter but didn't get going until 7:50 A.M. We arrived at the fishing grounds at 9:30 A.M., but we didn't fish. The Captain uncovered two tubs with set lines all ready hooked and baited, and commenced running them out for the next 45 minutes between markers. Then we moved to another fishing area where we anchored and went through the motions of fishing. One man out of eleven on board caught a fish, purely by accident, when lifting up, he hooked the fish in the eye. No effort was made to move to a more fruitful area, but at 11:50 A.M. the Captain decided to go back to his set lines. By this time everybody was disgusted. He and his mate, one manuevring the boat and the other pulling in the line collected the harvest. Out of over 2,000 hooks 38 fish were caught. This took one hour, and to add insult to injury he ran out another line of newly baited hooks, taking another half hour. This is

when the passengers opened up and told him what they thought of him.

Just think — \$5 for the trip \$1 for the pool and just a little over one hour's fishing at this time, yet he had his mind made up to go home.

Nevertheless he decided to try again. The weather by this time was getting nasty and not suitable for drifting — but drifting we did, all to no avail. At 2:40 P.M. the passengers gave up; with a vow never to sail on the Ren Haynes again.

At the dock each passenger received a small cod.

If you want to enjoy fishing get your own boat, or go on boats known to you or your friends as reputable.

SCHOOL DAYS

BY TEACHER

NEED FOR SPECIAL CLASSES

A great deal of money is spent these days to educate and train mentally retarded children. Some have enough intelligence to reach third and often fourth grade levels of achievement. Those of lower intelligence are lucky to reach even first or second grade levels, academically. Children of the low I.Q. group are of such low intelligence that eventually most of them are institutionalized.

All over the country parents of mentally retarded children are banding together in special organizations of parents of children of retarded mental development. Their aim is to get greater training and educational advantages for these mental deviates. The parents of children in the low I.Q. group are working desperately to have these children kept in school until they are twenty-one years of age.

These parents are to be highly commended for facing up to the fact that their children are mentally handicapped. They deserve all the cooperation they can get in their efforts to have more special classes established for the good of their mentally defective children. Children cannot be placed in special classes for mental retardates until they have received individual intelligence tests given by state registered psychologists. Once such children are identified, legally, as mentally defectives they are entitled to special education. This is very costly to the state, is of great comfort and assistance to the par-

ents of these children and pays off to the extent that many of them become self-sustaining and contributing members of society.

But imagine to what degree society would benefit if the same amount of money and effort were expended upon the gifted children of the nation; children with intelligent quotients of one hundred and twenty-five or better. Most school curriculums are geared to the child of so-called average intelligence. This means that a child with an I.Q. of about one hundred and five should be able to achieve passing grades in the subjects of the prescribed curriculum. If the I.Q. is lower the child will progress at a slower pace. Conversely, the child of higher intelligence should advance in learning and wisdom at a quicker rate. However the adverse is often true and the progress of the bright is often retarded by the slower rate of learning of the less bright. Because of this valuable learning time is wasted for the very bright and often causes them to get into mischief or form bad habits.

To determine if a child belongs to a bright or gifted group those pupils showing great promise should also be given individual psychological tests. If found to be of superior intelligence they should be placed in special classes for the gifted. Some schools have such classes. These children should be given a broad and advanced curriculum emphasizing mathematics, all branches of English, social studies, some foreign language and the sciences. Diplomas earned by these children should carry greater honor and weight than certificates of graduation granted other pupils. Out of this group should come our future scientists and great leaders.

For many years some school administrators have been advocating a similar program, but special education for the highly intelligent

will cost a great deal of money and taxpayers are not always willing to invest in it. Parents should get behind the movement to give special education to the gifted and form organizations of parents of gifted children. They should back school officials in their efforts to see that very intelligent children get all the education they can assimilate. Hard core curriculums with plenty of homework assignments no doubt will keep most bright young people busy enough to stay out of trouble. It will give them something to think about beside the opposite sex and their Freudian complexes . . . The highly intelligent child should not be permitted to waste time in soft unessential courses, but should be required to take courses calculated to teach him to think and see beyond his nose. Thus more geniuses may be produced and young people better trained to lead their country to greater future accomplishments.

GROUND BROKEN FOR NEW C.P. CENTER

A host of Queens community leaders joined 500 members and friends of United Cerebral Palsy of Queens in a public ground breaking ceremony held Sunday, January 13th, at the site of the new C.P. Center of Queens, 164th Street and Goethals Avenue, Flushing. Welding golden shovels, Supreme Court Justice Samuel Rabin, Borough President James J. Crisona, and U.N. Under-Secretary Ralph J. Bunch, joined the organization's president, Mr. Ruby Goldenberg of Far Rockaway in turning the first earth.

The new C.P. Center of Queens, the first of its kind in New York City, is being erected at a cost of \$250,000 to be raised through public subscription. It has been planned in order to provide expanded vocational, rehabilitation and recreational facilities for the 3,000 cerebral palsied children and adults in Queens. The building is being constructed by Donohoe and Rice, General Contractors, of Bayside from plans designed by George W. Swiller, A.I.A.

**ANNUAL MEETING OF
GIRL SCOUT COUNCIL
OF GREATER NEW YORK**

Keynote Address

In her keynote address, Mrs. Horace P. Moulton, Board member from Staten Island, and presiding Chairman of the annual meeting said: "Believe, Build — these are key notes of the Girl Scout program. Reaching into the neighborhoods of our city and our country with these guides we can accept in eagerness and confidence President Eisenhower's challenge, presented in his State of the Union message, 'that the American people will make this time of test a time of honor.'"

Mrs. Moulton told her Council associates that "Girl Scouting is more than just a leisure-time activity, through our program we can derive a real understanding of honor, loyalty, and service to others, which can be meaningful to the newest Brownie and develop with the growth of the girl even through the top age of seventy."

BELLEROSE LEADERS CLUB

At the last Bellerose Leaders Club meeting, reorganization plans were discussed. On the second Wednesday of each month, the Bellerose Neighborhood Committee will meet at Holy Trinity Lutheran Church. Mrs. Barz is Neighborhood Chairman. Scout Leaders will bring any problems to this meeting and will receive all news for their troops.

Each troop will also have a representative attend a Leaders meeting to be held in Glenrose Park District. The time and place of this meeting will be announced shortly.

On February 12th the Fly-Up will be held at Holy Trinity Lutheran Church.

eran Church. Mrs. Lopocaro is in charge of the Fly-Up. There will not be a regular meeting of Neighborhood Committee and Leaders in February because the Fly-Up will be held that night.

Troop 4-48

Mrs. Hrbek, Leader

We all had a nice holiday season and we are now starting in on new badges. At our last meeting we enjoyed a film which was shown by the Telephone Company.

Troop 4-119

Mrs. Kleiner, Leader

On February 12th, we will have our Fly-Up at which time Patricia Popp and Diane Deutsch will receive their "Curved Bar." We are very pleased to know that they are going into Senior Scouting. Best of luck girls.

Five year pins will be awarded to Diane Deutsch, Peggy Heimberger and Janet Isler.

First Class will be given to Nancy Cunningham, Peggy Heimberger, Janet Isler, Helen Huth and Catherine Thimmel.

Troop 4-256

Mrs. Rizzuto, Leader

On January 23rd, parents and friends of the troop members attended our Court of Awards. The girls exhibited various phases of badge work. Year pins and the following badges were awarded: Athlete, Needlecraft, Adventurer, Swimmer, Out-Door Cook, Out-Door Safety and Housekeeper.

Mrs. Greenberg, our former co-leader, was presented with a Friendship Pin as a token of our appreciation for her work with the troop and as evidence of our affection for her.

Highlight of the day's events was the investiture of two new troop members, Denise Boomhower and Judy Solomon, of our new co-leader, Mrs. S. Solomon, our cookie chairman, Mrs. Pollinger and our finance chairman, Mrs. Grofsik. The candlelight ceremony was most impressive.

Troop 4-246

Blanche Smith, Leader

On Sunday, January 12, 1958, our troop visited the New York Foundling Hospital. Our leader took us on a tour through the building. We saw babies from a few days

old to three years old. We made stuffed cloth animals and cookies for the babies, as our service project.

Lutheran Annual Available

Now available at Grace Lutheran Church, Queens Village, N. Y., is the Lutheran Annual for 1958. Copies of this interesting book have been placed in the Religious Book Display at the church. The Lutheran Annual contains a list of every pastor, teacher, preaching stations and Christian Day Schools of the Lutheran Synodical Conference.

One of the features of the book is the listing of time of church services, which has met with unusual favor. Because more and more members are traveling on business or vacationing throughout the year, they can now search out a church for their worship on Sunday.

Over 70 inspirational subjects by Dr. John Theodore Mueller of Concordia Seminary, St. Louis, Mo., are in the book. Some of the subject titles are: "Power of the Divine Word" "Personal Witnessing" "Solving Life's Problems," "Resisting Temptation," "God Needs Many Ministries" and "Importance of a Single Letter."

The book lists locations of staffs of charitable institutions, hospice homes, hospitals and many other similar agencies. Statistics of Synodical Conference and other Lutheran church bodies.

A planned program for daily Bible readings is another feature of this interesting book.

And I Quote . . .

INSURANCE TIPS

By Vestal Lemmon, General Manager
National Association of Independent Insurers

Have You Been Sued Lately?

Don't laugh. There are more than five million home accidents annually and the claim files of insurance companies bulge with proof that many things that injure the home folks also injure their visitors.

Some cases are unbelievable—until they happen to you. A delivery boy falls on Junior's skates and sues the householder for a cracked knee. A guest skids on a small rug. Her broken elbow brings a \$10,000 suit. A woman trips on the sidewalk. She asks for \$11,000.

Lawsuits by the hundreds have arisen from such things as slippery floors, dangling telephone cords, playful pets, toys strewn about, an old chair held together with wire, suitcases falling from train racks, a door opened too violently, a fisherman accidentally hooking a companion's cheek. Even a quiet game of croquet at a church social has transformed a friendship into a claim.

You can even be sued as a result of accidental injuries caused by your minor children. And what about the neighbors' kids? In many states, if a child wanders onto your premises, you may be in trouble if you've left unguarded something which might harm him if he plays with, in, or around it. A window well? Or a tree for climbing? These things may be what the law calls "an attractive nuisance."

On the face of it, all these things may sound a trifle ridiculous. That's what the thousands thought who have been sued. It used to be that whenever anyone was injured around the home or farm, the first thing he said was, "Call a doctor." Today the cry is, "I wanna lawyer." As a result, you need comprehensive personal liability insurance. It's so cheap you can't afford not to have it.

It was the little boy's first day at school and the teacher was making out his registration card. "What is your father's name?" asked the teacher.

"Daddy," replied the child.

"Yes, I know, but what does your mother call him?"

"She doesn't call him anything. She likes him."

CONGRATULATIONS

The McCarthy Sisters

Anne Regina and Jean Marie McCarthy welcomed a new sister just two days before Christmas. Patricia Ellen weighed in at 8 pounds, 9 ounces, in Christ Hospital, Jersey City.

The happy parents are Mr. and Mrs. Joseph McCarthy, the former Rosemarie Donovan, of North Bergen, N. J. and the proud grandparents are the John Donovans' of 252nd Street and 87th Avenue.

"Beautiful Colorado"

We received a card from Mrs. Gilbert Wiebel, formerly of 85th Avenue at 241st Street, and now living in Durango, Colorado.

The Wiebels left Bellerose about three years ago on a trailer tour of the country, finally settling it Colorado.

"This is sure a beautiful spot — beautiful mountains and valleys. We have the only narrow guage railroad that carries passengers. It has been mentioned in national papers and magazines. We are near the Mesa Verde cliff dweller ruins. Have plenty of fishing streams and hunting in the Fall. The air is clean and clear and the sky is out of this world. We have built our own home and are very proud of it.

It is nice that our neighbors still think of us."

Editor's Note — A former neigh-

bor of the Wiebels, Mr. Carmine Asta gave a Manor News gift subscription to the Wiebels, who enjoy the old neighborhood news very much.

FATHER AND SON DINNER

The Brotherhood of St. Andrew of St. Thomas' Episcopal Church, Bellerose, will hold a father and son dinner on Friday, February 7th, at 7 P.M.

A feature of the evening will be a demonstration by a Fingerprint Expert.

A Card From Dear Old London

We received a card from Mrs. Felix Kost, of 246th Street, sight-seeing in London with son Frank on leave from the army in Germany.

Mrs. Kost will fly to Vienna, Austria to visit with daughter, Evelyn and husband, Dr. Soeltz.

The Gong Will Sound Tonight!

The February 3rd, meeting of the Rosary Society of St. Gregory the Great R.C. Church will have as its highlight of the evening an Amateur Hour. Mrs. Charles L. Multer will be Mistress of Ceremonies. This is an annual affair and members of the Society look forward to the fun and frolic of the participating members.

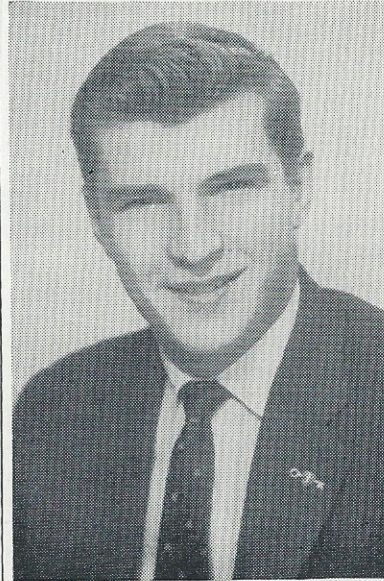

Get Well Soon!

Speedy recovery to good health, Mrs. Joseph Lamb of 86th Road.

Down through the ages it has been more blessed to give than receive—but never half as popular.

Local Student Honored

Artie Kennedy now residing with his Uncle and Aunt, Mr. and Mrs. Harold E. Bisson of 87-41 — 251st Street, Bellerose, was one of 14 just awarded the Alpha Beta Kappa Key at Fordham University.

ARTHUR KENNEDY

Artie's folks also of Long Island are temporarily living in San Juan, Puerto Rico, where his father is Vice-President and General Manager of the Bull Insular line, the main office of which is in New York.

The Alpha Beta Kappa Key is awarded to outstanding Seniors who have distinguished themselves in extra-curricular activities. It is significant of exceptional school spirit and leadership as well as hard work and cooperation.

As a member of the Maroon Key Society's Steering Committee, Artie Kennedy represents the Downtown School of Business. A day student (Senior A) Artie is President of the Intramural Bowling League and Vice-President of the Marketing Club.

In addition he is Business Manager of the schools' publication, Maroon Quill, on the Student Council and is a delegate on the University Council. He is also co-chairman of this year's blood drive.

TID-BITS

Two Hundred Forty-Sixth Hillside To Eighty-Fifth and Environs

Ann Kost is continuing to enjoy her interesting and joyful hobby: traveling. She spent the holiday season sightseeing in England with her son Frank who is with the United States armed forces over there and with her daughter Evelyn who now lives in Vienna, Austria.

Quite a while ago a young girl named Helen Cusack obtained employment with the American Telephone and Telegraph Company in New York. On January 13th, Helen C. Nichols — the same person — celebrated her forty-fifth year with the same employer. Her celebration included a luncheon in her honor, an all-day open house at her office and a shower of gifts and messages of congratulations from her many well-wishers.

The Don Fields' — Eleanor, Doris and their three boys — of Hampton, Virginia spent their holiday vacation with the Bondones (grand- and grandpa.)

Funny how our orderly and peaceful existence can be so quickly and easily disturbed. We are speaking of the subway motormen's outlaw strike which caused so many upsets in the day-to-day lives of thousands of commuters. Among those particularly discomforted were the Barrells, the Facets, the Nichols, the Zolens and the Opat families.

We hope the borough authorities will someday get rid of the water accumulation at 246th Street and 85th Avenue after every rainstorm. How many years did it take to get Hillside fixed up? And what are the PTA and the school authorities doing about the unhealthy and hazardous conditions surrounding P.S. 133 in that respect?

We could use more news. Why not send some in. You don't have to live on our block.

A Belated Note of Thanks

Due to various changes and illness in the Juniorette Organization, Court St. Gregory the Great, No. 2161, it was impossible for us to get our notices out in time. Better late than never!

May we express our thanks to the merchants of Bellerose for their generous donations to help make our Card Party and Millinery Show the great success it was.

The Christmas Party for the Juniorettes was an outstanding one, insofar as the Christmas spirit was concerned. Each child (120) brought in a gift for a needy child, as well as a prize for their own grab bag. These gifts were then distributed to the Queensboro Shelter, which is a home for the prevention of cruelty to children.

The man who finds real pleasure in his chosen work never has to ask for a raise in wages.

P.T.A. NEWS

P. S. 133

Mrs. William Ritter, Pres.

On Monday evening, January 13th, 1958 the P.T.A. of P.S. 133 Queens was called to order at 8:30 P.M.

The Corresponding Secretary, Mrs. F. Witte, read an interesting letter and holiday greeting card from Mr. Glickman.

Mrs. Harrison (Budget and Purchasing) presented Mrs. Kalter a tape recorder for the school as a Christmas gift from the P.T.A. — Mrs. Kalter thanked everyone for the wonderful and much needed gift.

Our talented parents proved to us that they really were talented — the play "Radio Rumpus" was very good.

This is just a sample. Come to our next meeting and see a Fashion Show put on by Simplicity (Patterns) and modeled by our own very talented parents. It will also be Father's Night — a gift for the lucky man. So men do come along and see what our ladies will be wearing this Spring, the date is February 10th, 1958 at 8:30 P.M.

Class 3-1, Mrs. Briggs, received the class banner and Silver Dollar for the most parents attending.

Parents, this is a reminder — with all this bad weather, caution your children to watch when crossing near the school — There are NO (Police) STOP signs on the corners, the cars that go by do not slow down and it is very dangerous with so many small children going to our school. The P.T.A. is doing all they can — but we haven't gotten any results.

Remember Father's Night and a Fashion Show at our next meeting.

Flattery is something nice someone tells you about yourself that you wish was true.

**ST. GREGORY'S SPONSORS
FAMILY ROLLER SKATING PARTY**

The newly-formed Athletic Association of St. Gregory's Parish, Bellerose, L. I., is sponsoring a novel Family Roller Skating Party on Wednesday evening, February 5th, at 7 P.M., at the Walcliffe Skating Rink in Elmont, Long Island. Proceeds: Lights for newly-erected Sports Field.

Under the direction of Father Daniel Halloran, Pastor, a new parish society, the Athletic Association, was inaugurated this Fall with Father James Reynolds as Moderator. Through voluntary contributions of \$5000.00, the Athletic Association constructed its own Sports Field consisting of a baseball diamond, a cinder track, and two outdoor basketball courts during the Fall months. The new field adjacent to St. Gregory's School at 87th Avenue and Cross Island Parkway, will be known as Halloran Field, honoring the Rev. Daniel Halloran, Pastor of St. Gregory's.

The Basketball courts were recently dedicated by Mr. Joe Lapchick and the entire St. John's University Basketball team, followed by a Basketball Clinic for the parish school children. The Baseball field will be officially dedicated

in the Spring and Jerry Coleman of the N. Y. Yankees will appear. Last week all the Managers and Coaches of the Baseball League listened to an address by Mr. Ed Lopat of the Yankee organization, on managing little children in Baseball competition.

Due to the vast amount of Bellerose youngsters participating in the parish league, present plans call for Night Baseball to be played at the Sports Field, and plans are underway for the erection of the lights. To help pay for the new lighting system, the Association is staging the Family Roller Skating Party on February 5th at the Walcliffe Rink, Elmont. There will be a drawing for a 17-inch portable TV set. Another \$4000 is needed to complete the field.

The members of the parish Athletic Association were high in their praise of the Long Island Railroad for a donation of 300 railroad ties used in the right field section of the field. A large electric scoreboard and outdoor electric clock will be erected atop the retaining wall before the "Play Ball" call commences in the Spring.
