DISGUSTED AND BROKE

This is the story we hear every day from the average home owner. The most disgusting money grab and high handed manner of putting it over the car stamp, costing five dollars or ten dollars. The British tax on Tea wasn't any more severe on the Colonists than this, yet it was an excuse for a revolution. Have the citizens of today got less backbone?

Laurelton Sewer Assessment

We suppose by this time that most property owners have received a notice from the Tax Collector saying they owe an assessment on the Laurelton Sewer that must be paid by August 21. After that date you will pay 7% interest.

We have had many calls about this assessment, and we can only say to all of you that there is no escape.

This assessment has been pending for more than ten years, and it was understood it would be a small amount but it has grown a bit with the years.

The assessment is an area assessment for the outlet of a storm sewer that will eventually drain the southeastern part of Queens from City Line, west, below Grand Central Parkway to Springfield Boulevard and south to Idlewild.

This is the storm sewer that has been causing such furor in our area for more than two years. When it goes through, you will really have an assessment to worry about.

Protest Against Increased Assessed Valuation

This was thrown in the waste basket by smiling? Joe Mafera, Tax Commissioner.

Joe is the fellow who was Borough President for a short

period of time. Like Impie, he has no use for the small home owner. Both of them must be having quite a laugh at our expense over the all time high Tax Rate of \$3.44 per \$100 of assessed valuation.

GIVE ME WATER

That is a request we should all heed.

If you have ever suffered from thirst with no apparent prospects of being able to quench your thirst, you would never waste another drop of water.

During the recent heat wave many people did not have a trickle of water entering their homes, yet a few blocks away water was pouring into the seepage basins from sprinklers that are permitted to operate day and night by a few selfish nit wits.

A stiff fine and compulsory installation of water meters would cure them.

Did you know that you are not permitted to operate a sprinkler or use a hose between the hours of 6 A. M. and 9 P. M.?

CONGRATULATIONS

OUR LADY OF FATIMA COUNCIL PICNIC

The Picnic was set for June 14, but had to be postponed.

The Third Annual Picnic of the Council will be held on Sunday, August 3rd, at Belmont Park Race Track starting at 2:00 p.m. Our past picnics have been famous for our policy of giving the mostest for the least cost. We intend to continue that policy. The admission will be \$1.00 for adults and free for all children of grade school age.

We will again feature our program with Party games such as Egg Toss, Pie Eating Contest, etc., and will have a full program of races and games for the young people with prizes for all winners. Refreshments will be included in your admission, and the children will receive Ice Cream and Soda.

The Committee requests that you bring your pitcher and glasses and a bridge table if you need something to put them on. And who is the committee? The whole council, of course, and their families too if needed. This affair

should be a Must this year as it affords the members the pleasure of meeting each others family and have a good wholesome time. It will also bring in a little revenue to the council which we can use. A ball game will be played between the young fellows under 30 and the older members of the council.

See you there.

A farmer bought a load of second-hand lumber sight unseen. The next day it was delivered by truck and dumped in the farmer's yard. He took one look at it and wrote to the lumber company: "Dear Sirs. I got the truck load of holes, now send me the wood." —Hi-court.

SCHOOL DAYS

By TEACHER

THE SCHOOL CHILD AND THE FOURTH COMMANDMENT
("Honor thy father and thy mother")

For some peculiar reason many school children will often openly and vociferously protest any form of admonition administered by class teachers, even though these same children know in their hearts and souls that they richly deserve even greater punishment than the average school by-laws permit. Their inane reasoning is often voiced in such expressions as, "You ain't my mother or father. I only have to obey my parents, not you." There are also many others who dare not voice this sentiment, but who are, nevertheless deeply influenced by it. Parents, too, labor under the same delusion and thereby add to the already heavy burden of classroom discipline. This situation is definitely in need of alleviation and only the parents of school children can effect the much needed cure. The best way to remedy this evil is to give the child a clear understanding of the Fourth Commandment and the responsibility resting upon him in this respect. It matters not what a person's religious beliefs may be, or even if he has no religious creed and depends solely upon an ethical approach to morals, the Fourth Commandment is still applicable in connection with his daily living.

"HONOR THY FATHER AND THY MOTHER." Interpreted in the language of the child this commandment simply means that he must be taught to subjugate himself to those who, at any time, have legal authority over him. During school hours teachers and school administrators have legal authority over the child. State legislatures have gone to the trouble of passing laws to define the relationship existing between teacher and pupil during the school

day. These laws clearly set forth the fact that the teacher operates in the mode of the parent and, in case of overt action upon the part of a child, it is the duty of the teacher to take corrective measures as would an efficient parent in his effort to discipline a recalcitrant offspring.

The disobedient, uncooperative and inattentive child will find it impossible to lead a happy life during school hours. Neither is it possible for him to absorb the instruction his teachers are desperately attempting to impart to him. By means of their rude and overbearing attitudes many children actually defy their instructors to teach them anything. Life with its comics, radios, movies and video has made the average child so sophisticated, especially in matters of crime stories, crude jokes, lewd buffoonery, loose morals and suggestive advertising that leaves little or nothing to the imagination, that by comparison cultural subjects, such as school curriculums offer, become dull and boring. Reading is considered by many pupils as a sheer waste of time since they have only to look at comics, movies or television to get ideas. Consequently they pay little or no attention in class to assignments requiring an understanding of the printed or written word.

Because of the ensuing ennui the bored child deliberately sets up a chain of disobedient reaction calculated to amuse himself and lure others into disorder. Action of this sort cannot be tolerated in school and often when the offending youngster is admonished or properly punished he will protest with such remarks as, "I only told him something," or "He made me laugh. I can't help laughing," or, "I got a right to talk. This is a free country," or, "You ain't got a right to holler at me," or etc., etc.

Children who act and talk in this manner at school haven't the faintest notion of the meaning of the Fourth Commandment. Neither they nor their parents realize the hidden price they are paying for this lack of understanding. The bad habits being formed, the animosity of decent students and teachers, which they are earning for themselves, the vast

PTA. NEWS

P. S. 133
Mrs. E. Fogelberg, Pres.

The regular meeting of the PTA of P.S. 133 was held in the school gymnasium on Tuesday, June 17. The meeting was well attended, though it was a particularly warm, muggy evening. Mrs. Fogelberg, our president, presided. After the usual opening exercises, the new color guard took over in a very impressive little ceremony. The parents were entertained with songs and dances by the pupils of the sixth grade. The school orchestra played two selections,

fund of knowledge which they are deliberately foregoing are too great a cost for any momentary leisure or pleasure they hope to gain by their disdainful view of law and learning.

This utter disrespect for the authority of teachers and contempt for the pursuit of necessary learning could be greatly reduced if parents would insist that their children look upon their instructors and school administrators as their legal guardians during school hours. Parents should also demand that their children give prompt and cheerful obedience to school regulations and classroom orders and impress upon these children that they themselves intend to punish any reported infraction of school rules.

and a couple of talented children sang solos. We wish to thank all the pupils and teachers who took part, and helped make the evening so enjoyable.

The officers for the coming year were installed. These are the officers:

President, Mrs. Omar Friend; Vice President, Mrs. E. Loeffler; Second Vice President, Mr. I. Glickman, Principal; Recording secretary, Mrs. W. Andrus; Treasurer, Mrs. F. Burnett; Financial Secretary, Mrs. L. Best; Corresponding Secretary, Mrs. E. Gunderson; Assistant Corresponding Secretary, Mrs. J. Miller.

Your new president and officers ask your support and hope you will attend your PTA meetings each month, and work together for the good of our children and our community.

Mr. Glickman announced that next term the seventh and eighth grade children will be given a percentage rating in English and mathematics on their report cards. Anyone interested in adult education will please contact Mrs. Edwin Kellog - FI. 7-0591.

Arts and Music College. Incidentally, anyone who bought Jamaica's Yearbook of January, 1952 would have seen some of Brandon's work decorating its pages.

Congratulations to Dave Kratch who passed his Kings Point exams with high honours and may attend this academy in September.

Birthday celebrations this month include those of Margot Jones, Doris Hansford and Louella Cook. Louella, by the way, is leaving us this summer to take a camp counseling job in New England... Lucky girl!

Did you all notice those four cute misses, Kiki Levington, Connie Urbanski, Carol Searby and Barbara Beyer who were pictured in "Seventeen Magazine" gazing at a large dish of ice cream? (We certainly hope the gals were allowed the object of their observation later on.)

This term's installation of Varsity, Leaders, and Leaders' Aids (all at Jamaica High School) had a large Bellerose representation. New Varsity members are Joan Vogt, Margaret Frank, Joyce Spencer and Louella Cook. New Leaders include Joan Boehm, Carol Sahl, Betty Bantel and Joanne Gray.

Leaders' Aids, a new organization, accepted Connie Urbanski and Carol Searby. Congratulations to all!

We're all glad to see Ronald Hansen home from college now that the semester is over.

I'll bet Mary MacIntosh will get straight A's on her report cards from now on. It seems that her principle asked the Mello-ettes, a trio Mary sings in, to sing for his Rotary Club. He even bought the gals corsages, and drove them to the club in his own car. Well, here's where I start singing lessons!

Who were the gals who went on a moonlight boat ride and left their dates on the dock?

The latest talk in Bellerose is about Dot Herlin and Bruno, or is it Dot and Paul? No, it's Dot and Bruno... Oh well, figure this one out for yourself.

So long till the next column.

Just Between Us

By MARIA CATERINE

Radio actress Myra Martin gives keys to lovely locks.

Sun and air may be beneficial for your hair and scalp but overexposure to the strong summer sunlight may also rob your hair of its shining highlights and dry up the valuable, natural oils.

To attack the problem of dull, lifeless tresses, you might take the advice of lovely Myra Martin (above), the radio actress frequently heard Sundays on Mutual's "Shadow" dramas. Care of the scalp helps the quality, length and color of new hair just growing in, says Myra. These characteristics are determined beneath the scalp. Select a good, stiff hairbrush and brush your hair vigorously at least once a day. And be certain the bristles touch the scalp.

Oily hair, as well as dry and normal tresses, needs daily brushing. If your hair is dry, brushing is essential as it stimulates the inactive oil glands to produce the natural oils. If you have hair that needs shampooing every three or four days, cover your brush with an old nylon stocking to highlight your hair's

shen and remove some of the oil. Do not use combs with sharp teeth, as the teeth will cut and break off the ends of the hair.

Before venturing onto the beach dab a tiny amount of cream with lanolin base into the scalp. It's a good idea to exercise your scalp while on the beach to stimulate the natural oils and wake up sluggish circulation. While salt water may not be harmful to the hair, the brine can dry into a salty scale. Your best protection in this case is a bathing cap. Should your hair get wet you can remedy the situation by rinsing it later with a solution of vinegar, grapefruit or lemon juice in water. This will dissolve any salty film which clings to the head. Then rub with a light oil to restore the natural gleam and lustre.

The overall point to remember, in keeping hair alive and gleaming, is to keep the entire body in glowing health through sound nutrition, Myra sums up. In other words, you'll look better—while feeling better!

ARGUMENTATIVE SUBJECTS

The following subjects represent emotional powder kegs. The Audience Viewpoint is so clear and definite that they pave the way for the kind of argument that you can rarely win. Even a 'victory' is empty.

1. Religion
2. Politics
3. Personal Taste
4. Appearance
5. Intelligence
6. Choice of Friends
7. Accomplishments
8. Blood Relations

HOW TO AVOID THEM

When any of the eight Argumentative Subjects arises, observe these suggestions scrupulously—or you'll lose respect in the eyes of others. Even worse, you'll diminish your powers of Personality and Persuasion::

First: Find out which side of the argument your listener is taking. Be sure of every listener.

Second: Smile benignly and reserve comment unless you agree.

Third: Follow the first rule!

There are thousands of other subjects that make excellent conversation. In the Eight Argumentative Subjects, your views are extremely personal, arbitrary and prejudicial.

Mildmay warns: "Reasoning against a prejudice is like fighting against a shadow; it exhausts the reasoner without visibly affecting the prejudice!" Sastras insists: "It is easier to snatch a pearl from the jaws of a crocodile or to twist an angry snake around one's head like a wreath of flowers without danger, than to make an ignorant

or obstinate person change his ideas!"

Simply observe the basic courtesies when these subjects arise. Respect others; let them express their view points and let it go at that. Otherwise the answer you give can stimulate a clash of personality and cause the kind of emotional conflict that will stay in your mind and return to distress you sooner or later.

Be an owl. Owls, they say, are supposed to be wise because they appear wise all of the time and hood only occasionally!

Before you bite for the emotional bait—whip out your smiling question: "What do you think?"

Avoid arguments. They'll damage you emotionally.

The best way to develop tact is by cultivating a respect for other people's opinions. They'll return the courtesy—because they're just as emotional as you!

**AMERICAN RED CROSS
CENTRAL CHAPTER OF QUEENS
Free Swimming Lessons**

The Learn to Swim program conducted each year by Central Chapter of Queens, American Red Cross will be into full swing on Monday (July 7th), when five High School pools open and two outdoor Park Department pools start their swimming instruction classes, according to Bertram Holmes, Safety Services chairman for the Chapter. He urged all parents to encourage their children to take these free swimming lessons so that they may enjoy healthful recreation during the summer months and so they may be trained to take care of themselves in the water when they visit the beaches.

Because the Aquacade in Flushing Meadow Park and the Astoria pool will be the scene of the Olympic swimming try-outs the first few days in July, these pools, operated by the Park Department of the City of New York, will not be available for swimming instruction until Monday, July 7th, Holmes explained. On that date the pools will open for swimming instruction from Monday thru Friday and Red Cross trained Park Department swimming instructors will be available. Instruction is free and the only stipulation is that the boys and girls must be four feet or more in height and not more than sixteen years of age. The five High School pools open-

ing on July 7th, will have Red Cross trained Board of Education Instructors available Monday thru Friday from 9 A. M. to 5 P. M. The schedules for the indoor pools are:

We attended the installation ceremonies of the Parent-Teacher Association of P. S. 133 and enjoyed the musical program presented by the children, but most of all we enjoyed the singing of the Bonnie Banks of Loch Lomond by Ronald Baxter.

HAPPY ANNIVERSARY

Happy 30th Anniversary to Bill Dickson who runs the Tackle Store at 306 Jericho Turnpike, Floral Park.

Bill was in the wholesale business on the Island before opening the store in Floral Park in 1932. He is a genial sort of fellow once you break the ice, and he won't try to sell you something unless it is absolutely essential to your line of sport.

You will find all kinds of equipment and clothing for fishing and hunting at his store, and lots of free advice.

Here is the sad part — he was born in Brooklyn.

GROUND BROKEN FOR AUDITORIUM

On Sunday, June 14, ground was broken for a parish auditorium and school? at 258th Street, and 80th Avenue for Our Lady of Snows Congregation.

After the ground breaking by Monsigneur Irwin of Our Lady of Victories, Floral Park, Benediction was offered up at three different altars, and all married couples of

Monsigneur Irwin about to break ground

the parish renewed their marriage vows. It was regrettable that Father Murry who organized the parish, did all the pioneer work, and suffered all the worries of organizing a parish with nothing but the loan of a piece of property, could not be there. An open air buffet supper was served, and dancing followed in the paved street on into the night.

GIRL

OF
QUEENS

THANK YOU! SCOUTS

Dear Girl Scout People of Belle-rose,

The above salutation especially includes the members of my former Brownie Troop 4-310 who started a fund months and months ago to buy me a gift, (this information came from the grapevine). Little did the Brownies know at the time that it would materialize into a lovely and very practical Warren Pullman Case.

Since it is impossible to reach each one individually, may I take this opportunity via the Manor News to tell you all, many thanks for a pleasant surprise. It certainly is the most wonderful gift for a scout who never will be cured of the wanderlust.

Sincerely,

Elsie Cook

TEA IS SERVED!

All sixteen girls who attended the First Class Tea on June 3rd, had a wonderful time. They wish to thank the Mesdames Barton, Goedel, Weinstein, Postler, Kummer and Canyock for the delicious refreshments.

Mrs. Cook organized the games and we played charades and the alphabet game. The green team won the charades and the red team won the alphabet game, proving that our Girl Scouts are well matched.

Mrs. Hemming, our former District Commissioner, was an invited guest.

The tea is given by the Neighborhood Committee for all Bellerose Girl Scouts who have completed six badges toward their first class rank.

The following girls were honored by the Neighborhood Committee, Judith Neary, Carol Horn, Carolyn Vogel, Hope Littauer, Lynn Feltham, Marie McGuigan, Doris Thompson, Rene Loeffler, Gail Baerenklau, Ann McTiernan, Claudette LeMaire, Patricia Cahill, Diane Stone, Connie Erickson, Linda Michele and Jacqueline Telford.

LEADERS MEET
FOR ANNUAL SUPPER

On Wednesday, June 11th, 1952, the Girl Scout Leaders Association had their annual supper. All registered scouts and their husbands were invited. A most delicious supper was served, each woman contributing her special recipe. There was a large variety of salads and baked beans and spaghetti and huge platters of boiled ham and rolls. The desserts included all sorts of pies and cakes. Everyone attending had a wonderful supper.

Mrs. Cooper, who has been elected president of the Girl Scout Leader's Association, was in charge of the event, and we all want to give her and her committee a special vote of thanks for a delightful evening.

The entertainment for the evening consisted of song and dance numbers by a group of Mr. O'Connell's boys and girls. They all performed beautifully and we want to thank them one and all for giving us their time and effort to make the evening a success.

SAVINGS BANK OPENS
IN BELLEROSE

Quite a stir was created in Bellerose on June 14, when the Richmond Hill Savings Bank opened a branch office on Hillside Avenue at 250th Street.

The bank was welcomed by many of the local residents; those who had been traveling by bus into Queens Village, and those who, because of distance and lack of transportation to a savings bank had stored their savings at home.

Over 1400 new accounts were opened, and banking business was made a very pleasant event for the depositors, who entered a marquee at the rear of the bank:— were presented with roses by the flower girls and assisted in filling out the necessary forms by a bevy of beautiful girls seated at the tables. From there they entered the "Sanctum Sanctorum" where their initiation was completed amidst a mass of beautiful flowers sent in by well wishers.

At the close of business (9 p.m.) a drawing took place for six valuable prizes, Most of Bellerose residents took part and a few transients also who stopped to say hello!

The list of prizes and the winners is as follows:—

1st:— R.C.A. Covington Television Console Set — 17" Screen —

Alfred Trent, 242-29 90th Avenue, Bellerose.

2nd:— Bendix Gyromatic Washing Machine — Adele R. Wool, 84-23 252nd Street, Bellerose.

3rd:— Sunbeam Mixmaster — John Scandura, 83-56 250th Street, Bellerose.

4th:— Sunbeam Coffeemaster — Mrs. O. Hoffman, 83-12 261st Street, Floral Park.

5th:— Toastmaster — Stephen Yunka, 83-19 267th Street, Floral Park.

6th:— Broil Quik Rotisserie — Webster, 7 Mozart Lane, Beth Page.

Clifton F. Thomas, president of the Richmond Hill Savings Bank, announced that over 1400 new savings accounts, totaling more than \$235,000 were opened at this new branch office.

CIVIC PICNIC AT BELMONT PARK RACE TRACK ON AUGUST 10th

The Annual Picnic of the Bellerose Commonwealth Civic Association will be held for the children on Sunday, August 10th at the Belmont Park Race Track. This picnic was originally started by the Editor of the Manor News, and has become a fixture in the community. Mr. Begley thought that something should be done for the children, and as a result we find that the youngsters are anxiously looking forward to this affair each year.

The Committee will again place emphasis on "Fun and Refreshments" for the Children, but will also try to make it interesting for the parents and their friends. Tentative plans call for Pie-eating, watermelon eating and other laugh provoking games for the children. Admission is free to all, but as in the past we will again use this opportunity to collect the Annual Dues of one dollar from the old members, and to solicit the membership of our new neighbors whom we wish to make a part of our community activity program.

The need for civic unity was never more evident in the past year, and future events such as the construction of the Laurelton Sewer Trunk line illustrates very forcibly that we must work together for the good of all. As individuals, protesting against injustices or excess costs, we have no particular standing, but as a strong and militant Civic Association we can make our protests have a significant threat which the political office-holders have learned to respect.

Continued on col. 4

Bellerose Commonwealth Civic Assn.

John Ehling, Pres.

The final meeting of the Association for the fiscal year 1951-1952 was held June 9th at P.S. 133 and the following officers were elected for the year 1952-53:

President, John Ehling; Vice-President, Val Laur; Treasurer, Ralph Hayden; Rec. Secretary, Lynda Kellogg; Corresponding Secretary, Alma Ripley; Financial Secretary, Waldron Hennessey.

The Directors elected for a term of two years are as follows:
 Ethel E. Fallon, Daniel J. O'Connell, Sam Schneider and Harold Hagen.

The Directors whose terms of office expire June 30, 1953 are:

Earl Barton, Louis J. Cook, Joseph Mitchell and Mel Ripley.

The newly elected officers and directors were duly installed by our old friend Harry Newcome at the Installation Dinner held June 18 at Koenig's Restaurant.

At the June meeting the membership was informed by Mrs. Ripley that our tax protest was unsuccessful; the Tax Commissioner, Joseph Mafera having approved the assessed valuations as recommended by the Tax Assessor. It was decided by the membership at the meeting not to carry the protest further.

Mel Ripley reported that the Annual Spring Dance held at Koenig's on May 24 was a financial success. Those who attended already know that it was a social success. Our ex-neighbor, Willie

(Flax) McLaughlin furnished excellent dance music.

The next big event on the calendar is the CHILDREN'S PICNIC which will be held on Sunday, August 10, 1952 at Belmont Race Track Picnic Grove. The Picnic Chairman, Mr. Dan O'Connell, will need plenty of help in order to distribute tickets throughout the area and also to assist him on the day of the Picnic. All those who are interested in seeing that the Children have a real good Picnic should be willing to offer their services no matter how little time they may have available; Dan needs every man hour he can get. So get on that 'phone now! Don't put it off! and call him at Fieldstone 7-4346. This is a community project, not a job for a few people.

The next regular meeting of the Association will be held in November; however, your officers and directors will keep you advised of any major events which might require community action.

Happy vacation to all (Mother's vacation starts September 8th).

Civic Picnic continued from col. 2

Resolve therefore, to renew your membership, or to join as a new member, when the Civic Representative calls at your home — and whether you join or not be sure to attend the Annual Picnic at Belmont Park on August 10th.

POLICE ATHLETIC LEAGUE SEEKS FUNDS

Daniel J. O'Connell of 84-46 250th Street, Bellerose, has been appointed as the Chairman of the fund-raising drive in the 105th Precinct, Queens Village.

The PAL is seeking to enroll the residents of the community as Associate Members. The work of the PAL in the 105th Precinct, which covers the Southeastern part of the county has expanded tremendously in the past year. At present, 52 baseball teams with a total of over 600 boys are taking part in a sandlot baseball program. In addition, over 150 boys and girls are participating in the Track and Field program of the Precinct, all of which is under the direction

of Youth Patrolman William Corcoran.

The PAL furnishes all of the necessary equipment, and provides a planned program of activity with the necessary places to play. To carry on this program, and if possible, to extend it so that every boy and girl in the Precinct might derive a direct benefit, there is an urgent need for funds.

Won't you do your part, and become an Associate Member. Do so now. Send your contributions to Daniel J. O'Connell, Chairman at 84-46 250th Street, Bellerose or directly to the 105th Precinct, 92-10 222nd St., Queens Village, L.I. \$1.00 will make you an Associate Member.

PAL BASEBALL RESULTS

The Bellerose Boys Club representative teams are rounding out the first half of their schedule with pretty fair results.

In the Intermediate Division, the Bellerose Chiefs have won 4 lost 3; and the Bellerose Braves are 4 and 4.

In the Junior Division, the Bellerose Bombers are tied for second place with 6 won 2 lost; and the Bellerose Flyers are 3 won and 4 lost.

In the Midget Division, the Bellerose Eagles are 3 won and 2 lost; and the Bellerose Hawks are 2 and 3.

In recent games, the Bellerose Eagles defeated the Bellerose Hawks at Homestead Oval by 11 to 6. Berryman, Caputi, Brennan and Mallon starred for the Eagles, with Brant, O'Connell and Scott playing good for the Hawks.

In another game, the Bellerose Flyers beat the Hollis Cadets by a 14 to 12 score, in a hard hitting game. Tucker, Rothman and Shubert led the hitting with Tom Floyd starring afield, throwing out two base runners in the latter part of the game to protect the lead.

Here is what the children that attend Sunday School during the Summer will learn by regular attendance. The Bible Stories of God's creation of the world and of man, the beginning of sin, and God's punishment of sin by the great Flood; the lives of the great patriarchs — Abraham, Isaac, and Jacob — and the lessons of God's promises and care which these stories demonstrate. Also graded worship, instruction, missions education and continued fellowship with other boys and girls of the Church.

Even if July and August are vacation months, is this a time for vacation from God? The answer to this question at Grace Church is NO and Summer Sunday School sessions will start on July 6th. While some people are out of town, others are in town. No congregation is out of town in its entirety for two or three months. It will be possible for children of Grace Congregation that go out of town to attend a Lutheran Sunday School. Every year fewer Sunday
