THE ROAD TO HADES

It is said that the road to Hades is paved with good intentions.

Having good intentions and not being able to fulfill them might be excusable but, to deliberately tell a falsehood to attain a goal is a sure way to slide down the said paved road.

Last November, 26 of the 33 members of the Board of Estimate and City Council made a pledge saying that they would repeal the auto use tax if they were elected.

In a letter in answer to inquiries by members of the A.A.A. Mayor Wagner said — "I assure you that my election as Mayor means the repeal of the automobile tax."

Fifteen months have elapsed since he took office and no action has been taken to fulfill this promise.

It is evident the city intends to retain this tax, and the other temporary taxes, viz—3% Sales Tax, and Sewer Use Tax, as long as the citizenry remains indifferent.

TAXES — TAXES And More Taxes

This is the time of the year when our hearts sink to our boots anticipating the Worst from City Hall. Well! we are not disappointed — it has happened again.

Mrs. Ripley who performs yeoman service each year for the residents of the Bellerose-Commonwealth Civic Assn. area, (Hillside Ave. south to the Creedmore Track of the L.I.R.R. — Little Neck Pky. and west to Cross Island Pky.) by copying the tentative assessed valuations from the books at Borough Hall for every piece of property in this community, informs us that an increase of \$600 has been tagged on a 40 foot lot and a proportional

increase on others. The tax assessor's excuse is that lots today are being sold for \$2400.

Increases on assessed valuations on homes are relative to improvements made in the past year.

NEW CIVIC GROUP

A new Civic Assn., viz — North Bellerose Civic Assn., Inc. has been formed and operates in the area of the now defunct Union Gardens Civic Assn.

This group has taken a firm stand against the increases and have called a special meeting of protest in P.S. 133 on March 1st at 8:15 p.m.

It is unfortunate that the Manor News may not reach the area in time to boost the attendance.

Augustus A. Marchetti, president of the Civic Assn. has this to say about the new imposition.

"Newspaper reports and a sampling examination of the tax assessor's records for the Borough of Queens discloses that a general increase in the assessed valuation of the homes in this area amounting from \$400 to \$1800 has been proposed. This will result in increases approximating from \$16 to \$72 a year additional tax burden on each resident assuming the tax rate will remain the same as in the past year. This Association believes that such increase is unwarranted and places a greater tax burden upon the private homeowner than is his just share to bear."

For further information and you live in the confines of the North Bellerose Civic Assn. (Hillside Ave. to Union Tpke., Little Neck Pky. to Cross Island Pky.) call the president Augustus A. Marchetti at 83-27 249th Street.

If you live in the confines of the Bellerose-Commonwealth Civic Assn., contact president Daniel J. O'Connell at 84-46 250th Street.

When seeking information about your property, you are required to know the lot and block number. This you will obtain from an old tax or water bill.

As an individual, you haven't got a leg to stand on, So, — Join the Civic Group in your neighborhood.

TAXES PUT BIG BITE ON CITY MOTORISTS

How much money does a city motorist pay in direct taxes on his automobile during the first year of operation?

In addition to a \$5 or \$10 auto use tax, here is what the average New York City motorist has to pay in taxes to operate his car the first year:

Operator's license to the state	\$ 3.00
Average license plate fee to the state	16.67
4-cents-a-gallon state tax on gasoline	28.00
2-cents-a-gallon Federal tax on gasoline	14.00
City sales tax on purchase of car	81.00
City sales tax on gas, oil and parts	15.00
Federal excise tax on car and tires	166.00
Tolls for bridges and tunnels	20.00
Total	\$343.67

To this amount should also be added parking meter fees, garage costs and insurance. These figures, of course, vary with the individual.

In addition, the motorist pays, along with all other taxpayers, state and Federal income taxes, city sales taxes, real estate taxes, amusement taxes, cigarette taxes, whiskey taxes, stock taxes, pari-mutuel taxes, electric appliance taxes, and many "luxury" taxes, etc., etc.

Most people refuse to be content with their lot in life until it's a lot more.

SCHOOL DAYS

BY TEACHER

Clothes and The Boy

To be sure clothes do not make the man, but their psychological effect goes a long way to making or breaking a boy on his way to manhood. Much thought should be given by parents to the dress habits of school boys, especially the teenagers, who today are flaunting defiant disregard for common respectability in the manner in which they dress for school. The average teenager seems definitely allergic to ties and, if asked to wear one, acts as if he were afraid he would be choked to death by it. He'd rather go about in a sloppy open neck shirt. The aim of his life seems to be a yearning desire to imitate the style of dress of the habitués of the stable or Bowery, rather than run the risk of being considered a gentleman because he may be properly dressed. Loud sport shirts, sweat shirts or any kind of shirt other than the conventional blouse worn by men of good taste make up a good part of his wardrobe.

The shirt department is pretty bad, but when one looks below the belt the eyes are truly offended. The wearing of dirty, faded, skintight jeans is most dis-

tasteful. The shoes are usually the type worn on the range or the ranch. Boys dressed in this fashion look as if they were about to curry a horse or clean a cowshed. They certainly do not look fit for a classroom. And somehow this type of dress has an unfavorable effect upon their conduct. A careful study of the newspaper pictures of boys arrested for juvenile delinquency will reveal that this type of dress prevails among young culprits. They seem to be imbued with the foolish notion they are rooting, tooting outlaws of the old Wild West and that they can literally get away with murder.

Teachers and school administrators are thoroughly disgusted with the situation and are doing everything possible by means of guidance lessons to combat the present fad in teenage school attire. But teachers might just as well save their breath and stop wasting their efforts in this respect so long as parents permit boys to leave home for school in clothing fit only for the dirtiest type of unskilled labor.

It is high time parents took into consideration the fact that school is a desk job. To put it another way, it is like office work and no employer would tolerate dirty skintight jeans and frowzy sport shirts in his office. It nauseates teachers to have to look at such sights all day long and it is certainly no inducement for her to upgrade pupils thus attired.

Genuine carelessness in dress is

bad enough, but defiance of convention in this matter is usually accompanied with slipshod methods of learning and even a defiant attitude toward instruction.

There is a place for jeans in the life of every growing boy, but the classroom is not the place. There is no better type of dress for romping or working. School, however, should be considered a place for more dignified apparel, since the classroom is ordinarily a place of dignified procedure. Only parents can bring about this much needed change in the manner of dress of many teenage school boys. The parents, who stop to think of the parallel between dress and delinquency and dress and other undesirable habits, will not hesitate to ban skin tight jeans and their accessories as school clothing for their teenage sons.

It's always much easier to float a rumor than to sink it.

This will be a perfect world when people are as free with their money as with their advice.

MOTHERS' MARCH SUCCESSFUL

The Mothers' March on Polio, held from 7 to 9 p.m. on Wednesday, January 26th, netted more than \$260,000 in Queens, according to figures received during the night of the March. The total for the two-hour drive is expected to be more than \$280,000, according to Mrs. Thomas Goodin of 110-26 68th Road, Forest Hills, Queens County Chairman.

Last year, the first night total was approximately \$253,000. This is the third straight year in which Queens has raised more money during the Mothers' March on Polio than any Borough in the City of New York.

In Division 10, which includes Bellerose, Floral Park, Glen Oaks, Douglaston, Little Neck and Queens Village, \$24,000 was turned in the first night. Last year the first night figure was \$22,000.

Mrs. Henry A. Czina of 87-21 251st Street, Bellerose and Mrs. Arthur Troell of 93-49 215th Place, Queens Village, were the co-chairmen of the Division.

Sometimes new medicines

cost more . . .

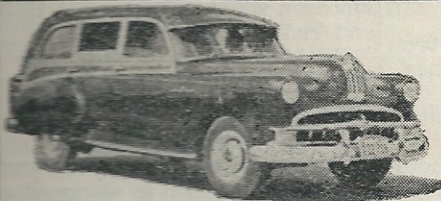

but your illness

costs less

● Statistics show that illness today costs the average householder *less* than it did ten or fifteen years ago. And much of the credit must go to "high-priced" medicines. That seems odd, but the significant point is that "miracle" drugs have eliminated lingering illness; weeks of costly convalescence. Remember how long it used to take for pneumonia to run its course—weeks and sometimes months; with doctor and hospital bills piling up all the time! Now, thanks to modern antibiotics, you may be back

at work in a little more than a week. And the total illness commonly costs less than \$50.

Yes, "high-priced" medicines mean low-cost illness! So we urge that you see your Doctor *promptly*—take full advantage of the newest specialties; get quickly on the road to recovery. And, may we add the suggestion that you bring your Doctor's prescriptions to this "Reliable" pharmacy. We have all of the newer specialties in stock, to assure prompt and precise compounding. And our prices are uniformly fair.

Council

**Dolan Elected
Scout Commissioner
In Queens**

The election of Frank Dolan, of Flushing, as Borough Scout Commissioner of the Queens Council, Boy Scouts of America, was announced today by Hon. Edward Thompson, Council President.

Mr. Dolan, an accountant for Tidewater Associated Oil Company, succeeds Bertram H. Holmes, of St. Albans, who was appointed Chairman of the Long Range Planning Committee.

A Scouter for more than a decade, Mr. Nolan served most recently as District Commissioner for the North Shore. The District had the greatest increase in Scout membership in Queens last year.

BOARD OF REVIEW

At the February meeting of the Board of Review of District 5, Queens Council, Boy Scouts of America, there were 12 of the local Scouts who were interviewed regarding their recent Scouting achievements and were approved for promotion, according to the Board of Review Secretary, F. Biss.

The Board of Review Meeting was presided over by the Acting Chairman, F. Hetzer and he was assisted in the counseling of the scouts by Messrs. F. Biss, J. Hannah, and A. Worth.

Among the local Scouts who were approved at the recent Board of Review and the wards which they received are the following:

TROOP 258

On Saturday, February 19th the Scouts and their Fathers joined the Members and Friends of the House of Hope at the Father and Son Dinner sponsored by the Brotherhood. After dinner they were entertained by Ward the Wizard and the showing of two films. Dr. Lee who was in town for a special meeting was able to attend the dinner.

Parents-Nite, February 25th, high-light was the induction of new Scouts and advancements.

The Troop is going on an over-nighter on March 26th and 27th at Camp Newcombe.

Committee men's meeting on Tuesday, March 8 at the Church.

Cub Pack 216

The Mothers Club of Pack 216 will have their next regular meeting on March 7,, at 1 p.m. in the church basement.

The Fathers accompanied the boys on a visit to the Police Academy. They also went to the top of the Empire State Building, and the day was highlighted by lunch at the Automat.

The committee is planning a trip to Fort Schuyler in March.

The next Pack meeting is March 10, at 8 o'clock in the church basement.

Troop 216

The next meeting of the Mothers Club of Troop 216, Holy Trinity Lutheran Church will be on March 14, at 1:15 in the church basement.

The Annual Father and Son Dinner was held on February 22, and was a huge success. Mrs. E. Pheifer and her committee served over 180 guests.

GOLD

I do not mind that gold is often tinsel,

And if you please, I'd rather not be told.

It's thinking it is gold that makes it precious

And thinking it is precious makes it gold.

CITY COUNCIL REPORT

Malicious Mischief Bill — A local law, Int. No. 348, making parents or guardians of children under sixteen years of age responsible for the acts of such children where said acts result in the wilful and malicious destruction of property, whether public or private. Such parent or guardian could be fined in an amount equal to double the damages incurred, but not to exceed \$100. However, in the event a parent or guardian pays for the damages or properly repairs same, they shall not be subjected to fine or prosecution. The result here would be that parents or guardians are influenced to pay for or repair the damages rather than pay a fine to the city of New York and I think this provision accomplishes the intention of the statute which is to have parents, etc. assume the control over their children which is their duty and responsibility.

Two Year Residence Requirement For Relief Applicants — Res. No. 128 provides that any applicant for relief or public assistance in the City of New York be required to be a resident of the City for two years prior to making such application. As legislation would be required from Albany in this regard, the Resolution also calls upon the State Legislature to give this right to the City of New York.

Auto Use Tax — Res. No. 327: Urging immediate repeal of the Auto Tax and demanding that the Mayor and Councilmen redeem the pledges they made in this regard.

The foregoing Bills have been introduced by Robert E. Barnes.

* * *

Councilman Truelich has introduced a local law, known as Int. No. 346, providing that photographers and model agencies engaging in house-to-house canvassing shall be required to have a

license. I believe this proposed legislation has merit.

GOVERNORS' ROOM

One of the most beautiful rooms in City Hall which, incidentally was built in 1803, is the Governors' Room located on the second floor of the building. This room contains many relics of early American History including the desk upon which George Washington wrote his first message to Congress. It also has portraits by early American artists which depict our country and city in its infancy. It is, perhaps, the most beautiful room in the building and visited by many dignitaries over the years. The twenty-three Councilmen representing the majority party in the Council are seeking to do away with this room and to have individual desks or offices installed for their work.

Believing that this room and its memories should be preserved, I urge everyone to inform the Mayor and City Council of their feelings in the matter.

**The Womens League
For Service**

The Womens League for Service of The House of Hope United Presbyterian Church at 84-58 248th Street, Bellerose, will hold its monthly meeting on Monday, March 7th at 8:30 p.m. A speaker from the Girl Scouts Organization will be there honoring the Anniversary of the Girl Scouts.

On March 23rd (Wednesday) we will again have our monthly luncheon which will start at 11:30 and end around 1:00 p.m.

On March 28th we will have a Plastic Party at the House of Hope at 8:30 p.m.—Refreshments.

Dear Little Friends:

Your Leader, Mrs. Dorothy
Greenberg brought to us today,
the lovely afghan which you
knitted with such thoughtfulness
for some very needy Korean child
and his family in that far-away
part of the world.

We know how very much this
gift will be appreciated, and how
much you will enjoy the acknowl-
edgement when you will be patient
because Korea is 10,000 miles
away.

In behalf of the 'lucky child'
who will receive this we send our
deepest gratitude to all of you
who so lovingly put together this
lovely warm gift.

GET WELL SOON!

We hope for a speedy recovery for Bill McIntosh of 247th Street who is hospitalized.

Mrs. McIntosh just came out of the hospital after an operation and we hope by this time she has fully recovered her health.

Nice and Cool Down Here!

Florida, the land of sunshine, citrus fruits, and fish.

Everybody is going to Florida these days — even old man winter paid it a visit.

Had a card from Mrs. Ed Cossen of 250th Street spending two weeks with the Thos. Murphys, (formerly of 251st Street) at Zephyr Hills.

Mr. and Mrs. John Meyer of 86th Road left the smudge pots behind after two weeks and came north to enjoy the Spring weather. A little bird whispered to us that John fished on a lake for 14 days and didn't get a nibble until the last day.

We just heard that the Bill Whipples (Whipple Pontiac Hempstead) formerly of 87th Ave. have a home in West Palm Beach.

If You Have To Eat —

Make a luncheon date with the Ladies Aid Society of Holy Trinity Lutheran Church who are serving a Smorgasbord luncheon on Thursday, March 10th in the Church basement from 11 a.m. to 2 p.m. The luncheon is under the chairmanship of Mrs. Edward Young.

Triangle Initiates New Members

"Two more of our youth were initiated in Grace Coolidge Triangle No. 70 this past month. They were Kathleen Hoops and Ruth Bossert. The Past Queens were entertained at our last meeting."

SILVER WEDDING

A happy 25th Wedding Anniversary to Mr. and Mrs. Max Ullmann of 253rd Street.

We received a letter from daughter Katherine in Virginia saying that her parents are anticipating a second honeymoon to the old country (Germany) sometime in August.

Katherine (Mrs. Joseph Kuehn) goes on to say that her husbands term of service will end soon, and they will return to Bellerose. A daughter Susan Margaret was born to them in Portsmouth Naval Hospital April 24, 1954.

Chapter Celebrates Birthday

"The Floral Park Chapter No. 726, Order of the Eastern Star will hold a game night on March 2nd. On March 16th they will have the 32nd Chapter Birthday and honor the Charter and organizing members. The Floral Committee and Choir will entertain.

Mrs. Babette L. Spencer is Worthy Matron."

Stickers Will Advertise Convention

The members of the Walther League at Grace Lutheran Church, Springfield Boulevard and 102nd Avenue, Queens Village, N.Y. the Rev. Louis S. Wagner is pastor, will use 5,000 stickers to make known the 63rd International Walther League convention.

With the current issue of their society paper, which was mailed to over 250 young people, a supply of the stickers were enclosed. Each one is being asked to place the stickers on their mail or to devise their own ways that others will get to see the stickers. They have been asked to especially write a friend out-of-town, invite them to the convention and help make the convention known through the sticker.

At the same time, the sticker is serving a dual purpose, since they contain an invitation to others to attend the meetings of the three Walther League Societies (junior, intermediates and seniors) in the congregation.

The International Walther League convention, is being held in the Hotel Statler, New York, N.Y. July 3-7, 1955. Both the Metropolitan and New Jersey districts are acting as host to the convention.

Card Party and Fashion Show

St. Gregory's Rosary Society will sponsor a card party and fashion show on Friday evening, March 25th, in schol for the benefit of our convent and auditorium fund.

Fashions for spring in clothes and furs will be featured by professional models, after which you may enjoy your favorite game of cards. Why not bring the men of the family along?

Tickets are \$1.50 or \$6.00 for a table reservation. You may obtain additional tickets from Mrs. Charles Ludwig, 939-28 244th Street, PRimrose 5-2658 or Mrs.

Isidore J. Glickman, Principal

Special Progress Class

There were eight candidates chosen from the sixth grade classes of P.S. 133 for the S.P. classes in Junior High School 172 for the coming semester.

S.P. classes study three years of work within two years. These children qualified with high reading, math., and intelligence levels. Selections were made from all sixth grade classes.

The S.P. classes have the advantages of studying languages in the seventh grade and having special programs.

Century Theatre Tickets

Every month about fifty tickets are given out to public schools, by which a child of twelve years or under may enter any Century Theatre without paying the admission fee. These tickets are given out by Mr. Glickman to good students, by Mr. Lewis, for outstanding guards, and by Mrs. Snair among the student council.

Lighthouse Nursery Class

By Susan Hacker and Susan Spitzer

There are seven children in the P.S. 133 Lighthouse Nursery class. Not all of them are completely blind. Some are only partially blind. The teachers read stories and play records. Paintings done by the children are hung up. Articles of identification are placed at the children's cubby holes so the children know their own. The teachers directing the nursery class are Miss Sultan and Mrs. Anderson.

ART EXHIBIT

Teachers from kindergarten up to the sixth grade will be asked to send in different types of art work made by the children, to go on exhibit at the PTA meeting, March 14, 1955. Such things as paintings, drawings, posters, clay modeling, stitchery, woodworking, and other crafts, will go on exhibit.

Third Grade Exhibit

An exhibit of all grade class work will be displayed in the Organization Room. Mrs. Briggs will be in charge. Samples of all grade students' work in Social Studies, Language Arts, Mathematics and all areas of learning will be shown.

CLASS 6-1

By David Spielberg

Since our last report to the Bellerose Manor News, we worked on social studies reports on Mexico. We made dioramas of typical Mexican scenes. Robert Wong and Barbara Wikstrom made a paper mache physical map of Mexico. When the mache dried, they painted each area according to its height.

Verna Budnick, Alice Gatner, and I worked together on a mural which we painted about a Mexican farm scene which will be displayed in the rear of our room.

Recently, we started oil painting. We are experimenting with different techniques such as dot painting and impressionistic painting.

CLASS 6-1

By Verna Budnick

We started a new Unit, "The War of 1812". We have already written newspaper reports as if we were newspaper reporters at the time of the war. We now are working on a report on some famous Negro persons for Negro History Week. We have also learned about the Bill of Rights since it is also Bill of Rights Week.

In Science we started a new Unit, "The History of Living Things." In this Unit we learned about fossils, mammals, reptiles, the first birds, plants, fishes, and flying reptiles. We also saw a demonstration showing how fossils were made.

CLASS 6-2

By Susan Hacker

Class 6-2 had a very interesting assembly program. It was called "Travelogue of Music." Class 6-2 played songs and staged dances from other lands and combined it into one show. I learned some new and very interesting facts about

other countries. Mr. Fallon and his orchestra marched us in, then Linda Diemer announced the first act. We started on the Great White Way in New York at a television studio. Jackie Gleason was having a rehearsal. First we saw the June Taylors do a number. One of the dancers kept losing her shoe. We all laughed. The dancers were all dressed alike. Next we went to Leningrad, Russia, where the symphony orchestra was playing one of Tchaikovsky's "themes."

After that, we went to Madrid, Spain where Senorita Dropkin was leading a band playing "La Cucaracha." She was using a pair of maracas. Four girls were doing the rhumba. Our next stop was Heidelberg, Germany. "Hans" Charles Horn and Richard "Von" Joelson who had just graduated from Heidelberg University were playing "Alma Mater." Israel was our next stop, and here a group of peasants were doing a dance. I enjoyed the dance very much. We returned to the United States. In New Orleans we saw Mr. Fallon's Orchestra playing Negro spirituals, "Shortnin' Bread," "Dep River," and "Little Liza Jane."

I think this was one of the most interesting assembly programs we had this year.

CLASS 6-4

By Peggy Schlaich

On Tuesday, February 8th, our 5th and 6th Year Assembly saw a movie about teeth. It was Dental Health Week.

This movie told us how we can take proper care of our teeth. It showed that we should brush our teeth two or three times a day, so that we do not get cavities. Also that we should visit your dentist every six months. Then the school nurse and the school dentist each gave us a little speech. The nurse told us how our teeth should be brushed. The dentist answered questions about teeth.

Every pupil in the 6-1 Class has completed his dental treatment this year. The rest of the classes hope to catch up with them before June.

CLASS 6-4

By John Russell

All of the 6th grades have received new science equipment. Our class has been using the new supplies for two weeks.

The children on the Science Committee are:- David Levington, John Laird, and John Russell.

We have a science corner in the back of the room where we keep all our science supplies, and we have an experiment every Thursday afternoon. Also on Thursdays we tune in on the radio to a Science Program. It is called "Science at Our Door." This week the title of the program is to be "Blame It On the Moon" — Tides, Waves, and Currents.

CLASS 6-3

By Theresa Frisina

Class 6-3 has been working on the topic "Sound," since we received some new science materials. We have found out many interesting things about sound. We learned that sound is caused by vibrations. One experiment we made was to bang a tuning fork on a table and we saw that it splashed when we put the tuning fork to a jar of water. By that experiment we learned that the prongs were moving.

We also learned, that if you strike a tuning fork on your desk and put it to your ear, you would hear a sound. But if you put it on a radiator, the sound would be much louder. Another experiment we made was with a rubber band. It made a little buzzing sound as it was touched. We also learned that our ears are fitted for sound vibrations. The ear has an outer ear, a middle ear, an ear drum, and an inner ear. We learned that our ears must be protected against injury because they are very important to us.

Some of the nice science materials we received were bells, magnets, a beaker, a compass, a mason jar, test tubes, and a magnifying glass.

Those who make the rounds find it difficult to square themselves.

Golden Opportunity

Into the hills for GO(1)D and fellowship went 20 leaguers from Holy Trinity, Bellerose, N.Y. Using "flyers," posters, post cards, and letters, all bearing the symbols of California's '49ers, the league had been able to stimulate interest in their fall weekend at Holiday Hills, YMCA camp near Pawling, N.Y.

Yellow-painted stones and rocks served as the gold. Before being mined, all claims had to be staked with "Honest Jack" Horner. But in order to do this, loans had to be obtained from "C-Note" Kallansrude of the Klondike Trust Company. Then it was necessary to buy equipment. Pans for the gold, bonnets for the girls, kerchiefs for the boys, stakes, claim lines, bags, and (tooth) picks were sold at "Mother Mary's" general store. All claims had to be staked and roped. A "constant" protected against claim jumpers. After working out a claim, the miners brought back the gold which was weighed in and changed into gold currency.

Sunday's service was held outdoors. The altar was a kitchen table covered by a sheet and a piece of red material. A wooden cross and sprays of autumn leaves were placed on the altar. One of the leaguers preached the sermon, "Take the 'I' out of gold." The offering of \$18.75 was placed in the missionary fund.

Progress in this nation depends less on getting ahead than extending a helping hand.

PTA NEWS

P. S. 133

Mrs. Jack Miller, Pres.

At the February 14th meeting of the PTA of P.S. 133, an interesting talk on the working system of the Grand Jurors Association was presented by Mr. H.C. Hansen, Vice-President of Queens Grands Jurors Association.

Mr. Hansen explained that the idea of the Grand Jurors Association was not something that was just made up but dated back many years ago. He stated that the Grand Jurors Association was a means of bringing to trial those accused of crimes and it also serves as a shield to guard honest citizens against unfair or unjust accusations. He emphasized that the Grand Jurors Association was the "bulwark of American jurisprudence."

It was gratifying to see so many fathers at this meeting, and in order to induce a large attendance by fathers, a door prize was voted by the Board at our last meeting and this was won by Mr. Hansen. The dark horse prize was won by Mr. Altman. LUCKY FATHERS!

Be sure to attend our March 14th meeting — 8:15 p.m. — at which time we will have our Annual March Tea, and an art exhibit with displays from all our art classes. Mr. Glickman, our Principal will give his annual report at this meeting.

PENNY SALE

At the March meeting of the Rosary Society, Monday, March 7th, a penny sale will be conducted by Mrs. Willard Carman. Save your pennies and come to the meeting and have fun. Don't forget to bring along your donation of canned goods or staples.

No man is useless in this life if he lightens the burden of it for someone else.
