"COMES THE REVOLUTION"

We have reached a climax in Taxation, but can't break away from the tax imposer.

That is only possible when you are a few thousand miles apart.

In the state we have a man who was born to millions of shekels and doesn't appreciate the value of a dollar to the lowly wage earner.

In the city we have a man born to politics, and the ways of a politician do not coincide with the ways of a manager of a corporation.

If both of these men would remove the padding from the payroll they might be able to balance the budget, and stop the imposition of more taxes on an already overburdened populace.

LAND VALUE INCREASED

The first hard blow of the new tax scheme has fallen on the home owners of Queens. It is to be expected that land values would keep pace with improvements as the years go on, but not to the extent of 100 per cent increased valuation imposed by the tax assessor.

SERVICES

Municipal services have not improved in 24 years;—they are still inadequate.

According to a card issued by the Department of Sanitation Citizens Committee to keep New York clean, some services are listed that evidently do not apply to Bellerose:

- "Regularly Scheduled Street Cleaning and Refuse Collection."

We have no street cleaners. I once saw a mechanical broom passing along the street whisking the dust or whatever might be there on to the sidewalk with no follow up to collect the refuse.

As to garbage collecting, the time is erratic, and after they pass, the home owner has to sometimes pick up the droppings.

- "Removal of Snow and Ice from City Streets."

This is not so in our streets! After a snowfall a plough may come through two days after and close up the driveways dug out by the home owners. Autos are permitted to make way the path, and the sun does the rest.

PROTEST NOW!

"This is the acceptable time." Protest now or forever after hold your peace and be trampled on.

You have until March 14th to file a protest. Contact your Civic Association and obtain the official protest form.

Bellerose Commonwealth Civic Association the most alert civic group in Bellerose obtained the assessed valuations for all properties in its confines and at two rallies instructed its members in the proper procedure of protest.

If you are not a member of a civic group join at once for your own protection.

It is much better for a person to be over-anxious than it is to be over-confident.

Mix a marvelous "pepper-upper" footgath by sprinkling two handfuls of ordinary salt into a basin of hot water. Or—plunge your feet alternately into hot and cold water, ending on the cold note. There! Don't they feel like brand new feet?

COLISEUM SHOWS WILL ATTRACT VISITORS TO NEW YORK THIS SPRING

From March 7-15, the New York Coliseum Antiques Fair will occupy the first and mezzanine floors, while the extremely popular International Flower Show will transform the second and third floors into beautiful gardens. The Star Your Own Business Exposition will be providing helpful information for would-be capitalists on the fourth floor from March 11-15.

The International Automobile Show will attract lovers of foreign sports cars, admirers of the latest and most luxurious automobiles, and hundreds of fascinated small boys from April 4-12. Overlapping the Automobile Show from April 3-19, will be Art U.S.A. '59, a vast exhibition of American art which will present more than 700 works of art by 230 major living painters and sculptors.

Cameras, camera equipment, photographic skills and techniques will be the subject at the Coliseum during the 13th National Photographic Show April 18-26, while from April 17-19, the public will see an exposition of Scouting in Action for America.

The United States World Trade Fair, which is open to the public on certain days between May 8-19, will take all four floors of the

exposition hall to present the arts, crafts and manufactured goods of dozens of foreign countries.

Recently the Coliseum management announced a summertime event of first importance which is expected to attract more than a million visitors to New York's showplace in July. This is the Soviet Union Exposition, scheduled from June 28 through July 27, which will run concurrently with a United States exposition in Moscow.

A good many people drop all their money trying to pick up more.

CAKE SALE

The Women's Service Guild of Holy Trinity Lutheran Church will sponsor a cake sale on Thursday, March 19 at 1 P.M. Card games open to those interested. Come and bring your friends.

DIET AND LEARNING

Those interested in dietary medicine and research in the field of nutrition have come to the conclusion that diet has a profound effect upon mental retardation. It is readily conceivable that malnutrition contributes its ill effects toward slowing up the learning processes, for what child can focus his attention upon the intricacies of dividing a fraction by a fraction, when a gnawing desire for a good meal plagues the pit of his stomach or he is too tired to think because the lack of vitamins in his diet has sapped his energies.

Contrary to the belief of many, mental retardation does not necessarily mean mental defectiveness. In mental defectiveness the brain has been physically damaged by birth injury, by some deficiency in the parental genes, or acquired through heredity. This condition has never known to have been corrected. On the other hand a child may have an apparently normal brain and still be so slow in learning that mental defectiveness may be suspected. Only the psychologist with his highly specialized mental tests and his clinical ability to appraise the reactions of the testee can authoritatively determine whether or not an individual is mentally defective (severely mentally retarded) or merely a slow learner. A slow learner is one whose intelligence quotient has been established as ranging between I.Q. 75 and I.v. 90. It is

among the slow learners that children may be found whose learning processes may be hampered by poor diet and vitamin deficiency.

Recently a teacher was very much disturbed, because a girl in her class was not progressing academically as well as she should. Yet there were times when the child exhibited normal responses to instruction. In her overall achievement the child was three years retarded, doing work on a third year level instead of a sixth year level. Though fairly certain the pupil was not mentally defective the teacher recommended a psychological test to determine the girl's mental status. As a result the child was found to be a slow learner (I.Q. between 75 and 90) and suffering from a severe case of malnutrition and asthma. Lean and hungry looking, though eager to learn, what chance did this child have of functioning normally in class, when her health was so badly impaired by malnutrition.

Every child who looks plump and robust may not necessarily be properly fed. Some of the plump ones are found in the slow learning groups. They complain a great deal of being tired and probably because of vitamin deficiency they are tired, too tired to learn at a rate at which they should be achieving.

When a parent becomes aware his child is not progressing academically as well as he should, or, if he notices the child is backsliding in his grades, it would be a good idea to look into the eating habits of the child concerned. In class teachers are continually confiscating chewing gum, cookies and candy especially during the morning session. This indicates the offending children have had poor or no breakfast. A hungry child is an uncomfortable child and hunger inevitably delivers a knockout

blow to learning.

In an effort to improve a child's learning processes a parent should carefully examine the youngster's diet and eating habits. There are many good magazine articles and radio lectures on the subject. If the child does not show sufficient improvement after having been fed on a well balanced diet for a period of time, he should be taken to the family physician with the request that an expert in dietary medicine be recommended. Concentrated vitamin doses taken orally or by injection may be needed, but only a specialist in this field should be trusted to administer this therapy.

So look to correct diet as an aid to learning in children. The dividends will be manifold.

If you wish to be perfect follow the advice you give others.

BANKING ASSETS SHIFT FROM STATE SUPERVISION TO FEDERAL REGULATION AND CONTROL

Developments in Nassau County Banking are adversely affecting the entire State of New York, a group of university economists stated in a study report issued today.

A "wholesale shift of banking assets from state supervision to Federal regulation and control" has been taking place in Nassau, the study says.

It explains that from 1951 to the end of 1957, the share of total savings held by federally controlled commercial banks and savings and loan associations in Nassau County increased greatly, while that held by state-supervised commercial banks and the county's lone savings bank, also state-supervised, dropped sharply, and that of the state savings and loan associations barely stayed even.

Meanwhile, the study reports, Nassau County people are paying higher interest on loans, getting lower interest on their savings, and being deprived of the full banking services being enjoyed by their neighbors elsewhere in the state.

Mr. Clifton F. Thomas, President of the Richmond Hill Savings Bank, who released the report here, said that "what has been happening in Nassau County results directly from continuing failure to modernize the State Banking Law.

The findings of these economists should prompt the people of Nassau County to wonder just how much it may be costing them, in money and inconvenience, to have the state's horse-and-buggy banking law go on unchanged."

Authors of the study, who

worked independently on specific chapters but subscribed jointly to the study's general findings, are Professors Raymond Rodgers and Herman E. Krooss of the Graduate School of Business Administration, New York University; Sidney Robbins of the Graduate School of Business, Columbia University; John Ryan of the Graduate School of Arts and Sciences, Fordham University; and Charles E. Stonier of Hofstra College.

Mr. Thomas said he "hopes the situation in Nassau County gives the people of our county an idea of what can happen when the banking facilities of a community don't keep up with the community's growth in population, industry and business."

Among its more significant findings, Mr. Thomas pointed out, are:

1. Borrowing rates in Nassau County often run from 33 per cent to 40 per cent higher than in New York City.
2. Per capita savings in Nassau County are less than one-half those of New York State as a whole, and about one-third those of New York City.
3. The people of Nassau County have had to seek elsewhere for mortgage funds to buy or build their homes, and have found them chiefly in the state's savings banks.
4. Two institutions, Franklin National Bank and the Meadow Brook National Bank, now hold nearly two-thirds of total commercial bank deposits in Nassau County.
5. Bank deposits in Nassau County have been siphoned out of state-supervised banking institutions into federally - controlled commercial banks and savings and loan associations.
6. Bank deposits in Nassau County are 30 per cent lower in relation to income than they were in 1957.
7. The number of bank offices in relation to population has fallen steadily in Nassau County.

MOTHERS CLUB OF TROOP NO. 250

The Mothers Club of Troop #250, St. Gregory's R.C. Church will have its regular meeting on March 3. They will meet at 8:30 P.M. in the church basement.

The new officers for 1959 are: Pres., Mrs. M. Herlich; Vice-Pres., Mrs. K. Carroll; Rec. Sec., Mrs. R. Lucien; Corres. Sec., Mrs. V. Casale; Treas., Mrs. A. Prete.

We have been very busy making stocking dolls which we brought to the Children's Ward at Creedmore Hospital.

TROOP 4-238

Mrs. Grodenchik, Leader

We have been working hard on our Tenderfoot work in preparation to becoming Scouts. We are making stuffed animals for children in hospitals and made valentine cards for our parents.

TROOP 4-550

Mrs. Lopocaro, Leader

The girls have been very busy collecting story books and greeting cards which they are sending to the Welfare League for Retarded Children, Leichtworth Village, Phiells, N.Y. We also made carryalls from shoe boxes.

TROOP 4-119

Mrs. McDougall, Leader

At our troop birthday party, placemats were made by the girls working on the drawing and painting badge. The girls working on their cooking badge supplied the cupcakes. They all did a lovely job. We are welcoming two new scouts, Alice Galaid and Joan McDougall. Nine girls received their 2nd Class Badges, 4 girls received 5 year pins and we had three Curved Bar girls.

TROOP 4-48

TROOP 4-154

Mrs. Schoemer, Leader

We gave a party for the Brownies of Troop 4-550 and we all had a wonderful time playing games and square dancing. Some of our girls put on a play "Beauty and the Beast" which we all enjoyed. The girls working on 2nd Class and Hospitality Badges made and served the refreshments.

TROOP 4-456

Mrs. Neher, Skipper

Several girls from our troop have started a bowling team under the leadership of Mrs. Grodenchik, one of the girls' mothers. We found this sport very enjoyable and different from the other activities we have taken part in.

Our troop attended the fly-up of February 17th. Several girls received the Five Point Pin which is a major stepping stone towards achieving othed Mariner ratings. Francine Heinrich, Elise Heegar, Linda McManus, Susan Watson and Joan Bolton, new girls in our troop, received their Mariner Pins. We were hostesses at this ceremony.

During Easter week we are planning to visit Washington and on our return we will visit Annapolis which will be extremely exciting.

It was the last day of school and some of the little girls and the pretty teacher were crying over the farewells. Off to one side, a boy of about 8 years remarked to a pal, "So help me, I just don't understand women."

A great many people would be speechless if they were required to know what they were talking about.

"Some families can trace their ancestry back 300 years but can't tell you where their children were last night."

TID-BITS

**Two Hundred Forty-Six Hillside
To Eighty-Fifth and Environs**

The restoration of the STOP sign at Eighty-fifth Avenue and Commonwealth Boulevard brought about the restoration of more confidence to drivers who pass that intersection regularly. Luckily there were only two accidents during the time the sign was down. Well-meaning neighbors who attempted to put up the sign were hampered quite forcibly by the heavy gales then prevalent.

No ski or sledding accident or even a slip on the ice partially incapacitated Lorraine West a short time ago. A fall out of her crib gave her a fractured collar bone which is now pretty much on the mend.

We are pleased to report the end of his convalescence and return to business by Fred Facey who had battled successfully a coronary attack experienced in October.

February birthdays: Anna Rooney—and, of course, George Washington and Abraham Lincoln.

No pavement for Commonwealth Boulevard in the near future. A street repair crew spent a pleasant day in that vicinity a short time ago and couldn't even find enough holes to patch.

If you have any of these items please bring them to the Center any day between 10:00 A.M. and 4:00 P.M., or just drop in and learn how Red Cross can help you serve others.

Mild Humor

ENTERING THE Hotel, a shy bride whispered to her husband, "Let's act as if we've been married a long time."

"All right," he replied. "Think you can carry both these suitcases?"

ACTIVITIES AT ST. GREGORY'S

LARGE INTRAMURAL PROGRAM FOR 1959 SEASON

Mr. Jack Burke, President of St. Gregory Athletic Association, announced that 425 boys have signed up for the Intramural Baseball Program for the 1959 season.

In view of such a large registration we make an urgent appeal for men to act as managers, coaches, umpires and various other jobs around the field. Plans are being made for the completion of the grandstand and refreshment booth, also for the installation of a public address system on the field. Volunteers are needed to help with the construction of these projects as the money we save on labor will go a long way towards outfitting a ball team.

Congratulations are in order for the track team which placed second in the Diocese of Brooklyn at the CYO track meet at the Jamaica Armory on February 12th.

ATHLETIC ASSOCIATION STARTS TWIRLERS

The Athletic Association of St. Gregory the Great has organized a group of 13 girls as twirlers. These girls, taught by Jeanne Marie Backus and Gerry Hart (both 8th graders at St. Gregory's) are headed by Mrs. Alice Doner and Miss Barbara Smith. Jeanne Marie also taught St. Gregory Band Twirlers. The Athletic Association's twirlers will twirl with the Boy Scout Drum and Bugle Corps.

ST. GREGORY'S GIRLS vs. ST. CLAIRE'S

On Sunday, February 8, 1959 St. Gregory the Great Sodality team played St. Claire's at Sacred Heart School in Cambria Heights. Ellen Brennan was high scorer with 11 points to her credit with Pat Casey following her with 8 points. The game was victorious for St. Gregory's and the final score was 23-17.

SODALITY TO SPEND NIGHT IN HAWAII

Sometime in April a piece of Hawaii will be transported to St. Gregory's, it was announced by Miss Rosemary Backus, prefect of the Sodality of Our Lady. All who attend this dance can expect a good time. As this is an annual affair we look forward to a wonderful time.

EASTER DANCE

The Gregorians' have announced plans for a dance to be held on April 4th, in the lower church. Refreshments will be served and there will be many prizes made available to all those who attend.

Some fifty (50) members will journey to Williams Lake, New York, on the weekend of March 6th, 7th, and 8th. This weekend will include skating, dancing, skiing, and other winter sports. An enjoyable time is in store for all who attend.

Tentative plans are being made by the newly formed Social Committee for a semi-formal dance to be held in June, as well as entering a team in the Queens Federation Softball League which will begin in May.

A special vote of thanks is in order for Mr. and Mrs. F. Biss who have been extremely kind in inviting the club to go ice skating at their home on Lake Panamoka. We all enjoyed their hospitality and thank them for their generosity. We also wish to thank Jim Gallery for the job he does in organizing the Bowling League.

We are proud to announce that under the direction of our vivacious secretary, Miss Peggy Staples, we have our first drafts of the Constitution in the hands of the members. Final voting will be at the March business meeting.

CONFRATERNITY PLANS CIRCUS OUTING

On Thursday, April 9th, a group of two-hundred cheerful confraternity members will journey to Madison Square Garden to view the Circus. Tickets for this gala affair are available at the regular confraternity meetings.

On the 4th and 6th Thursday of Lent, special meetings consisting of lectures and films by the Nursing Sisters of the Sick Poor and Maryknoll Missionaries are to be held. Also representatives from both organizations will address the teenagers and answer any questions that they might have on the work they do.

A Queen of Confraternity Contest is scheduled. The Queen will be crowned at the Easter dance on April 2nd.

People with reasons for their actions seldom need excuses.

It may be true that money still talks, but it seems to have lost its commanding tone.

Roy Rogers Saddles Two-Wheeled Mount

If "Trigger" is ever put out to pasture Roy Rogers will not be without a mount — even if it is a two-wheeled, iron horse. Roy demonstrated his skill with a motorcycle recently at a race at the Wisconsin State Fair track.

Cycling is "old hat" to Roy, who rode motorcycles before he ever threw a saddle on a horse. In fact, he rode out to Hollywood from the Midwest on a cycle in the early '30s, when times were bad and transportation costs were high. Roy developed a liking for the sport and regularly rode an overhead valve, 74 cubic-inch Harley-Davidson until the early '40s.

Since the time he stopped riding, Roy has had suppressed desire to get back on an iron "Trigger" and go for a spin. Considering the 16 years out of a motorcycle saddle, he did a fine job of riding before thousands of spectators in the stands.

JUNIORETTES C.D.A. NO. 1261

Court of St. Gregory

Mrs. Helen Angelilli, Juniorette Chairman
Mrs. Phyllis Burton, Vice-Chairman

The January meeting of the Juniorette Counselors was held at the home of Mrs. Marie Mickus, 87-83—254th Street, Bellerose. At this time Mrs. Helen Angelilli, Juniorette Chairman, announced that two outstanding events will take place in the very near future. One, the Juniorette Initiation, which marks the end of the probationary period for these youngsters who so eagerly look forward to becoming full fledged Juniorettes. The evening set aside for this particular ceremony is Wednesday, April 1, 1959, at 7:30 p.m. in the Lower Church. Please make your daughter happy by keeping this date set aside especially for her and plan to be present at this important milestone in her young life. The Communion Breakfast will be held on Saturday, May 2, 1959, in the Lower Church immediately following the 8 o'clock Mass. Chairmen for this affair will be Mrs. Claire Vartanian and Mrs. Phyllis Burton. This is the outstanding event of the Juniorette Program and we are looking forward to greeting each and every Juniorette and her mother on this occasion . . . and grandmother too will be most welcome. Since this is going to be a catered affair, the Counselors will have more time to circulate amongst the guests and become better acquainted, especially with the mothers of the girls who have been newly initiated.

The February meeting was held

People are not judged so much by the car they drive as by the way they drive it.

at the home of Mrs. Mae Gallagher, 88-41—240th Street, Bellerose. At this time it was decided to donate the little kittens made of washcloths and stuffed with soap to the Nursing Sisters of the Sick Poor for distribution among their needy patients.

This was the project worked upon by all the troops at the Group Participation Meeting in the Lower Church. Plans were discussed for a future Field Trip but no definite decision was reached due to the many activities taking place in St. Gregory's Parish. This subject will be taken up and discussed at a future meeting.

The girls of Angel Gabriel Troop under the direction of their Counselor, Mrs. Burton, at their last meeting worked on Valentine and Patriotic favors filled with assorted candies which will be delivered to the children at Creedmore Hospital.

BIG BUSINESS COMES TO BELLEROSE

Milard King Roper who has been operating the busiest real estate office in Bellerose for the last seven years is opening the largest real estate office on all of Long Island next month.

Mr. Roper's new quarters will be in the building formerly occupied by the Associated Food Super Market at 251-04 Hillside Avenue. The new Real Estate Office, appropriately enough, will be a super real estate market. While the major portion of the business will be in re-sales, there will be industrial, commercial, land, rental, and apartment house departments.

Mr. Roper, who is also an attorney and a life long resident of Bellerose, apparently sees a great business potential in Bellerose.

NEWS AND VIEWS

By Wally Gaines, Jr.

On Feb. 14—St. Valentine's Day, a dinner-dance was held at the Prince Post Hall. Music was supplied by Cas Daly's Orchestra and the delicious roast beef dinner was prepared by our own inimitable chef, Ed Nigro. He's been building himself quite a reputation with his culinary arts. Needless to say, the affair was a complete sell-out and a really wonderful time was enjoyed by all.

Feb. 21—The Men's Club of the Prince Post held it's dance and with good music and refreshments served, another successful affair was chalked up to it's credit.

March 14—The annual St. Patrick's Day Dance will take place. The meal will consist of the inevitable. Corned-beef and Cabbage. The food will be lavishly and freshly prepared by our famous chef and with music and refreshments following the meal, a swell time is anticipated by one and all. We expect a full house so please make your reservations early. Contact the Prince Post. Phone number is Fi 7-9662 any evening after 6:00 P.M.

The Post has recently been

newly decorated both inside and out with colors to please our public's eye. Come visit our Post and see if you don't agree that it is one of the better locations in your community to hold that "special celebration" or meeting.

Incidentally, recently the V.F.W. Prince Post, has taken a more active representative part in the civic affairs, for the betterment of your community will be seriously considered. Address to Prince Post #6478 — 242-37 Braddock Ave., — Bellerose ,26, N.Y. — c/o Wally Gomes Jr. Publicity Agent.

There will be a very important meeting of the Creedmore Civic Association at the Prince Post on March 2nd. Guest speakers will talk on the problems of multiple dwelling invading our community. Attend this important meeting and speak out in your own defense. Don't let "George Do It," It's your duty to yourself and your community.

That's all for this issue. I hope we will see you at our Post's affairs soon. We always welcome new friends and members.

**LUTHERAN HOUR
SUPPORT SOLICITATED**

Support for the Lutheran Hour is being solicited at Grace Lutheran Church, Queens Village, N.Y. by the members of the Lutheran Laymen's League. Those serving on the committee are:

Alfred Cron—264 Bryant Ave., Floral Park, N.Y.; Frank Wibben—67 Floral Blvd., Floral Park, N.Y.; George W. Speh—84-25 248th St., Bellerose, N.Y.

By action of Board of Directors of the Lutheran Church—Missouri Synod Sunday, February 22nd. was set as the day on which members of the 5,000 congregations for the Synod, be approached for a special contribution for the work of Bringing Christ to the Nations.

In addition to a request for financial contributions for the world-wide radio mission, the Sunday also includes petitions or prayers to be offered in the regular church services.

The Rev. Dr., J.W. Bohnken, D.D., president of the Synod in a letter to all congregations stated "The Lutheran Hour has been a special means in the hands of our good Lord in the work of so-called "trail-blazing." The record in Japan, in the Philippines, in South America and now also in Africa speaks its own message. We thank God for the fact that the Lutheran Laymen's League and all our members through their support of The Lutheran Hour are proclaiming the message of salvation to man ywho could not be reached in any other way. We know that He has promised "My Word shall not return unto Me void, but it shall accomplish that which I please and shall prosper in the thing whereto I sent it."

Because of an increased budget this year to meet rising costs of broadcasting and increasing opportunities to send the Gospel into new lands liberal contributions are urged from those supporting this project. The budget of this Gospel broadcast is \$1,545,000.00.

The committee is also making plans for the members of the congregations to participate in the 1959 Lutheran Hour Easter Seals will be distributed sometime during MARCH.

It is often said that a book should not be judged by its cover. This is true of our spotlight subject for February. Judging by appearances you would expect a very different personality, for the fragile beauty of our subject covers a strong and intense personality.

The young lady we are spotlighting is a Senior at St. Agnes' Academic School where besides being an excellent student, she is the drummer in the School Orchestra and one of the leading ladies in the Thespian Society. Here in the "Manor" she has been recognized in leadership by having been elected President of St. Gregory's Blessed Virgin Sedality. Again she has shown leadership by coaching the girls' track and baseball teams.

This summer she attended the Plaza Business School to advance
